

# BIOLOGY 2325 - HUMAN ANATOMY

SUMMER TERM 2017

## Schedule of Lectures and Exams

**Lecture time and place:** M, W, F – 8:35 to 10:30 AM, Room 220, ASB (Aline Wilmot Skaggs Building).

**Note to students:** Print this schedule and keep it with you. The \* indicates that the laboratory will begin with a quiz. **You are responsible for all dates, times and places in this schedule.**

- May 15 Introduction to Course  
17 Histology  
18 *No Laboratory Sessions the First Week - View Online Lab Introduction*  
19 Integument
- 22 Osteology; Arthrology  
24 Myology; Cardiovascular System  
\*25 *Lab 1 - see lab schedule for details*  
26 Cardiovascular System
- 29 MEMORIAL DAY - NO CLASS  
31 Cardiovascular System; Urinary System
- June \*1 *Lab 2 - see lab schedule for details*  
2 Respiratory system; Digestive System
- 5 Digestive System  
7 Nervous System  
\*8 *Lab 3 - see lab schedule for details*  
9 **EXAM 1 - ASB 220, bring your colored pencils!**
- 12 Nervous System  
14 Patterns of Organization - Body Wall; Anatomy of the Thorax  
\*15 *Lab 4 - see lab schedule for details*  
16 Anatomy of the Thorax
- 19 Anatomy of the Abdomen  
21 Anatomy of the Abdomen; Reproductive Systems  
\*22 *Lab 5 - see lab schedule for details*  
23 Reproductive Systems; Anatomy of the Pelvis and Perineum
- 26 Anatomy of Pelvis and Perineum  
28 Anatomy of the Back; Patterns of Organization - Limbs  
\*29 *Lab 6 - see lab schedule for details*  
30 Anatomy of the Superior Limb - Brachial Plexus
- July 3 Anatomy of the Superior Limb - Scapular and Shoulder Muscles  
5 Anatomy of the Superior Limb - Brachial Muscles, Topography, and Vasculature  
\*6 *Lab 7 - see lab schedule for details*  
7 **EXAM 2 - ASB 220, bring your colored pencils!**

- 10 Anatomy of the Superior Limb - Vasculature, Antebrachial and Hand Muscles
- 12 Anatomy of the Inferior Limb - Innervation; Hip Muscles, Medial Thigh Muscles, and Gait
- \*13 *Lab 8 - see lab schedule for details*
- 14 Anatomy of the Inferior Limb - Thigh Muscles, Vasculature, and Leg Muscles
  
- 17 Anatomy of the Inferior Limb - Leg Muscles, Foot Muscles
- 19 Patterns of Organization - Head and Neck; Anatomy of the Head and Neck - Neck Muscles
- \*20 *Lab 9 - see lab schedule for details*
- 21 Anatomy of the Head and Neck - Somitic Muscles, and Pharyngeal Arch Muscles
  
- 24 PIONEER DAY - NO CLASS
- 26 Anatomy of the Head and Neck - Anatomy of the Mouth; Anatomy of the Eye
- \*27 *Lab 10 - see lab schedule for details*
- 28 Anatomy of the Head and Neck - Anatomy of the Eye
  
- 31 Anatomy of the Head and Neck - Anatomy of the Ear
- Aug. 2 Anatomy of the Head and Neck - Anatomy of the Ear; Cranial Nerves
- 3 ***FINAL PRACTICAL EXAM - see lab schedule for details***
  
- 4 **FINAL COMPREHENSIVE WRITTEN EXAM, bring your colored pencils!**  
From 3:00-5:00 PM in ASB 220 (same room as all other written exams)

**Instructor:** Shawn Miller  
**Email:** smiller@biology.utah.edu  
**Telephone:** 801-585-3400  
**Office:** SB 88 (down the hall from the lab).  
**Office Hours:** Monday, Wednesday, and Friday, in dissection lab, anatomy lab, or office from 10:45 to 11:45 AM or by appointment.
